

## Declaration of Permission Fanaat

For the operation of our association, we would like to inform you about our activities.

We may also want to occasionally place photos of you on the internet (mainly our website and/or social media) to promote these activities. With the following form we would like to ask your permission to do so. Note, we will always send you emails necessary for the functioning of our association.

With this form I give Fanaat (further called: the association) permission to use my information.

### **I give the association permission to use my information in the checked boxes below:**

To approach me for Fanaat related activities, including activities in collaboration with third parties, for example other associations.

To publish pictures and/or videos of me on the internet for promotional purposes.

To approach me for 25 years after termination of my membership for special events such as a reunion.

My permission only applies to the above mentioned and described reasons. If the association wishes to use my information for other things, they will have to ask permission again.

I may withdraw my consent at any time.

Name

Email

Date

Signature

I declare that I have read this statement and agree with the checked boxes.

I declare that I am 16 years or older.

*If you ticked the last checkbox, please do not fill in your student email.*
